

Wenbo Zhao

Dear Wenbo,

I am sorry to inform you that we cannot offer you admission to the Computer and Information Science, MSE Program at the University of Pennsylvania for the Fall 2021 term.

The competition was highly intense this year, and there were many highly qualified candidates. Our decision reflects only the extraordinary range of talents represented in our applicant pool, and it is not a judgment about your own abilities or potential.

We appreciate your interest in Penn Engineering and wish you success in all your future endeavors.

Sincerely,

A handwritten signature in dark ink, appearing to read "Boon Thau Loo".

Boon Thau Loo, PhD
Associate Dean, Master's and Professional Programs
School of Engineering and Applied Science
